At Jill's House Weekend Adventures – Lake Arrowhead, your group will be “buddies” to people with special needs (ages 6-18), giving them the opportunity to spend a weekend away, meeting new friends, trying fun and exciting activities and gaining independence in an exciting, safe environment. To give you a better idea of what your weekend experience will be like, we've included a camp map with pictures and details about the weekend!

What does our arrival and departure look like?

Your group should plan to arrive at Thousand Pines no later than 5:00 pm on Friday for training on what to expect throughout the weekend. The campers will arrive in time for dinner and a campfire. On Sunday afternoon, the campers will leave around 12:30 pm, after which we will have a quick debrief meeting and then you're on your way!

Who's our support team?

Each camp has a Local Program Supervisor to lead your group; a nurse to take care of medical needs and give the campers their medications; and three child care specialists - two available during the day to partner with you in caring for the campers, and one at night for emergencies (and a little added protection)!

What activities will we participate in?

At camp you will help your buddy with activities like a rock wall climb, low ropes course, and swimming (during summer months). We also have campfires on Friday and Saturday evening.

Is food provided throughout the weekend?

All meals for the weekend are catered. Dietary restrictions such as a gluten and/or casein free diet are accommodated for. Should someone in your group have these restrictions, please contact Gary Filson so he can pass the information to our weekend staff.

Where will we sleep during the weekend?

At Jill's House Weekend Adventures – Lake Arrowhead, your group sleeps in small, shared bunk rooms, separate from the campers and staff. The bathrooms are located in the same building as the bedrooms and are just outside in the hallway!
