About JILL'S HOUSE

At Jill's House, every room, activity, mural, and staff member serve as a reflection of the love of Christ for children with intellectual disabilities. Our 42,000 square-foot resort in the Washington, D.C. area and our adventure-filled camps across the country were created to give these wonderful children an unforgettable overnight experience that they can't get anywhere else. And while these kids are having the time of their lives with friends, their parents can rest, knowing their child is in safe and loving hands.
